

Kinbrace Community Society is seeking a waterfront certified lifeguard for a weekend at Camp Daybreak on beautiful Anvil Island for the weekend of June 23-25. At Kinbrace we provide support for refugee claimants who were displaced from their homes and resettling in Canada. Being able to provide safe use of the waterfront is key to making a weekend at camp an incredible experience for those attending. The position will be paid if the lifeguard has personal liability insurance, otherwise it will be a volunteer role. Either way, transportation, lodging and food will be provided. We can assure you will have a really fun time with some amazing people!
