

2022 Annual Report

Lifesaving Society BC & Yukon Branch

BC & Yukon Branch Vision Statement

The BC & Yukon Branch of the Lifesaving Society is an active member of the community dedicated to preventing death and injury in, on, or near the water. We search out opportunities to include everyone as driven by the needs of our community. We endeavour to collaborate with all groups and individuals with like aims. We are a dynamic organization that celebrates growth, flexibility, innovation, excellence, and proactive leadership.

President's Message

Anita Chevalier, President

In my first and only year as president of the BC & Yukon Branch, I can report that it has been a wonderfully busy and successful year. It has been an honour to serve with such a close-knit group of individuals who have a passion for furthering the prevention of drowning and water related injuries.

I am pleased to announce that at the time of writing, we have been drowning free for 136 days. Although there were 26 drowning deaths last year in BC and the Yukon, the number was down significantly from 44 drownings the year before, and 42 drownings in 2020. As the numbers trend downward, there is confidence we can one day achieve our goal of zero drownings through education and water safety skills.

Swim to Survive is one of those programs that teaches people how to survive an accidental fall into water. This past year, during the Drowning Prevention week held in July, there were several Swim to Survive events throughout the province where many volunteers shared their time and skills with others in efforts to uphold the Lifesaving Society's mission and to share the love of playing in and on the water while being safe. Lifesaving Sport in BC has seen a resurgence in participation at national level competitions. Across the country, lifesaving sport has suffered over the past few years due to Covid restrictions creating a trickle-down effect on events and participation. Congratulations to our BC athletes who competed in both the Canadian Pool Lifesaving Championships and Surf Lifesaving Championships, bringing home medals and personal bests in the youth category.

Notably, our Branch has successfully integrated the Swim for Life Program into BC and the Yukon with the Swim Transition program, transferring and certifying 4,891 Lifesaving Swim Instructors in preparation for the exit of the Red Cross from swim lessons. We thank the team who worked tirelessly to ensure this seamless transition happen. We also thank the Red Cross for their endorsement of the Lifesaving Society to carry on the very important task of developing the life saving skill of learning to swim.

This past year has also marked a major transition for the role of executive director. Dale Miller has been with the organization for 30 years and announced his retirement in September. On behalf of the Board of Directors, I wish Dale the best in his retirement and thank him for his wonderful leadership, bringing the Society into a good position over the years, both financially and visibly across the country. The Board of Directors are pleased to welcome Lenea Grace as the new executive director, who comes to the Society with a wealth of knowledge and experience in recreation and aquatics.

I would like to sincerely thank all the volunteers that donate their time and energy to creating such an impactful Society. Additionally, I would especially like to thank Nicole Liddell for her dedication and service across the board as Governor and Jeff Holland on becoming President of the Branch for the next year.

With many thanks and best wishes,

Anita Chevalier
2022 President

Branch Presidents & Governors

Executive Director Report

Dale Miller, Executive Director

The year of 2022 began with the surprise announcement of the Canadian Red Cross deciding to wind down their provision of swim lessons and lifeguard training across Canada. After more than a year of negotiations to ensure a smooth transition, the announcement endorsed Lifesaving Society Canada as the preferred successor. This kicked off a flurry of activity to transition instructors, trainers and Affiliates to be ready for the December 31, 2022 end to Red Cross aquatic involvement.

Despite the shock (and great disappointment from many) of the change, all those involved pulled together to make the transition as seamless as possible. Not having previously offered swim lessons, BC & Yukon and Quebec Branches faced the biggest challenge, but with great support from the Ontario Branch and national office, the change has now been accomplished. Big bouquets go out to BC & Yukon Branch staff, trainers, instructors and volunteers for making it happen and to our Affiliates, 98% of whom have trusted the Lifesaving Society to now also provide them with the Swim for Life program.

With the pandemic not quite in the rear-view mirror, the 2022 AGM and awards ceremony were again held virtually and very well-received by all involved. The AGM saw the induction of new President, Anita Chevalier, as well as the introduction of a new Treasurer in Ben Jones. The award ceremony again showcased the strong volunteer involvement that keeps the Branch going with the highlight being the presentation of the President's Plaque to Denise Yoreff for her extensive and integral expertise in guiding the swim transition process.

After much consultation and planning, summer 2022 saw the first Swim for Life lessons being offered in BC & Yukon with Langley City being the first to provide them at their Al Anderson Memorial Pool in May. Reviews were positive and the transition began its roll-out. May also saw the start of the Society's third safe and successful summer of providing lifeguard services at Buntzen and Hayward Lakes with some great lifeguards and supervisors helping thousands of visitors to the BC Hydro recreation areas have a safe day on the beach and in the water.

The summer's public education campaign was greatly assisted by Taxi Advertising's work on the "You're Not a Fish" public safety announcements aired through July and August. That was followed up with a Global TV and CKNW radio spot encouraging safety around the water and making the public aware of the change in swim lesson provider as well as promoting what a great job being a lifeguard/instructor can be.

With my September announcement of retirement at the end of February 2023, the transition began culminating in the hiring of Lenea Grace as my able successor. With her extensive experience in not-for-profit management, the Branch is now well on its way to moving to the next level of growth and success.

Executive Director Report

And in closing (for the final time), I wish to express my deep gratitude for the incredible experience and the opportunity to work for 30 years with the most dedicated staff and volunteers I could imagine. You have all helped to build a stronger organization while delivering on the important mission of saving lives. There is still much work to be done and I am confident that the Branch will continue to flourish and grow. I wish you all the best in helping to make that happen and wish you great health and happiness!

Thank you!

Dale Miller

1993 - 2023 Executive Director

Education Report

[Kyle Kronebusch & Kimiko Hirakida](#),
Education Managers

2022 was an exciting and busy year for the Education Manager team. In June, Kyle made the move down to the Greater Vancouver area from Prince George and Kimiko started as Swim and First Aid Program Manager (along with her dogs Cody and Steven, who are now regulars in the Branch office).

With the Canadian Red Cross taking its final bow in the world of swimming and water safety, we had the honour of converting BC & Yukon's Water Safety Instructors (WSI) and Water Safety Instructor Trainers (WSIT) over to our Swim for Life program. It is with great pride that we report 4,891 WSIs transferred over (the highest number in the country) and 259 WSITs who joined our team of Trainers.

We had a full year of Leadership training and are pleased to report that we have:

- 52 new National Lifeguard Instructors
- 32 new Trainers
- 63 recertified First Aid Instructors
- 19 new Apprenticeship Supervisors for First Aid and National Lifeguard
- 8 new National Trainers

With the staffing impact of COVID-19 hopefully behind us, Kyle and Kimiko focused on providing support to Affiliates to deliver lifesaving, National Lifeguard and Instructor training to address the staff shortages in the province and territory. As of December 31, 2022, our Affiliates certified:

- 4,626 candidates in Bronze Medallion
- 3,651 candidates in Bronze Cross/Assistant Lifeguard
- 2,153 candidates in National Lifeguard Pool
- 1,716 candidates recertified their National Lifeguard Pool
- 238 candidates certified in National Lifeguard Waterpark
- 73 candidates certified in National Lifeguard Waterfront
- 3,529 candidates newly certified as Lifesaving Society Swim Instructors

Education Report

Thank you for the support of our dedicated Affiliates and Instructors in the delivery of our programs to address the need for newly trained Assistant Lifeguards, Lifeguards and Swim Instructors. Our certification numbers continue to climb higher!

In 2022, we also saw the launch of the revised National Lifeguard (NL) program. The new NL program supports competencies as a single lifeguard and as a leader of a lifeguard team. Our program continues to be revised every five years to ensure we are offering the best, research-based lifeguarding program in Canada (and the world).

A big “thank-you” to our National Trainers and Program/Swim Advisory Group Chairs and members for their support of our education program initiatives in 2022. Our hope is to see 2023 even more productive as our Affiliates launch their Swim for Life programs and implement our new Instructor training model.

[Kyle Kronebusch & Kimiko Hirakida](#)

Education Managers

Aquatic Safety Management Advisory Group Report

Len Manuel,
Safety Services Manager

Objectives

The Safety Services Manager's position was established to complete projects and services in the following areas:

- Complete Aquatic Safety Comprehensive and Topical Audits
- Oversee Contract Management Services
- Promote PAL Equipment Sales
- Staff liaison with Aquatic Safety Management Group
- Develop Aquatic Safety Training and Aquatic Management Training Programs

Aquatic Safety Comprehensive and Topical Audits

The Safety Audit teams completed five Comprehensive and three Topical Audits. The UDATA software system has presented significant challenges converting the data to comply with BC regulations, codes, recommendations, and Society National Standards. Progress is being accomplished and the conversion will be completed in 2023. The audit report format

has been standardized in a professional format. Auditor training recertification course content is being updated to provide training in March 2023.

Aquatic Safety Training (AST), Aquatic Programmer Training (APT), and Aquatic Management Training Programs (AMT)

The Aquatic Management Training course was revised and a pilot offered in December. The response was very positive and the course will be offered again throughout 2023. The course content for the Aquatic Safety Training (AST) was also revised with the pilot to be scheduled for February 2023. A new training program will be developed to assist new Aquatic Programmers to provide them with Safety Management components information and where they can conduct their own research.

Oversee Contract Management Services

Contract Management continued under the direction of the Branch Office. Contracts with BC Hydro to lifeguard two waterfronts has been renewed for the next three years.

Promote PAL Equipment Sales

PAL units were promoted in the waterfront topical audits. Production and shipping cost have been impacted due to the materials costs and international events.

Aquatic Safety Management Advisory Group Report

Staff Liaison with Aquatic Safety Management Group

The Aquatic Safety Management Group members participated in an UDATA orientation webinar. The purpose was to provide training to set up audit materials, populate the UDATA system and produce a draft report for editing. A mock system was set up members to practice and eventually undertake Chief Auditor responsibilities.

In Conclusion

The last year has been challenging to meet the demand for audits. Several of them were originally scheduled just prior to the Covid-19 pandemic and re-activated as facilities re-opened. Chief Auditors and Auditors were unable to recertify during the pandemic and will be invited to the recertification training in March. The booth at the BCRPA Conference provided opportunities to discuss details of the Safety Services and provided valuable feedback

Denise Yoreff has been instrumental in providing knowledge and support in completing audits and working to update the UDATA system. Sean Healy has completed several audits and added his expertise to help develop the report format. Both have provided invaluable support.

The coming year will present exciting opportunities to offer the AST, APT, and AMT programs, develop marketing strategies to promote the courses and audits, and provide additional training for Auditors and Chief Auditors.

Respectfully submitted,

[Len Manuel](#)

Program Advisory Group Report

Julie Kaufman, Co-Chair

Co-Chairs: Julie Kaufman, Krista Mueller

Members: Alison Stevens, Andy Moutinho, Bryan Lee, Candice TownSchon, Cindy Larson, Dan Marcotte, Emma Jacobsen, Isabel Pakkari, Judi Ambrozaitis-Torrao, Karen Hillmann, Kendal Shepard, Riley Huntley, Sasha Maleki, Veronica Grusnick, Ethan Wheatly, Victoria Voth

Staff Representative: Kyle Kronebusch

The Program Advisory Group is a committed group of volunteer members that actively participates to support program development within all streams of the Lifesaving Society.

Our members had a busy and productive year, with the creation of many new resources for instructors. These resources include:

- Bronze Medal evaluation checklists (now available online)
- Bronze Medal and National Lifeguard videos
- Revisions to the Bronze Medal workbooks
- Single Lifeguard Situation scenarios for NL Pool
- Hand Signal document for National Lifeguard
- National Lifeguard evaluation checklists

We are in the final stages of editing some of these projects and will have them available to instructors as soon as they are finalized. We look forward to instructors being able to use these resources in their courses. In 2023, the new First Aid Committee will take over first aid projects. The Program Advisory Group will continue to work on projects in the lifeguarding and lifesaving streams.

We would like to thank all members for their dedication and work over the past year. Your time and effort have been very much appreciated. We look forward to welcoming new members this Spring!

Krista Mueller, Co-Chair

Lifesaving Sport & Competition Committee Report

Chris Cordova, Chair

The pandemic had caused a disruption in Lifesaving Sport and Lifeguard Competitions, but we are on the road of bringing things back!

At a national level, Pacific Swim Academy athletes Abigail Skinder, Anna-Marie Skinder, and Noah MacDonald traveled to Alberta last June to represent BC at the 2022 Canadian Pool Lifesaving Championships. They brought back a combined eight medals including three gold, four silver, and one bronze. Abigail and Noah came in 1st and 2nd respectively in their All-Around Athlete 15-18 yrs categories.

Many affiliates have spent the last year working on returning to full capacity, and we know that this has made it difficult for some to be able to support Sport and Competition. But something to recognize is that Sport and Competition can be a tool that drives growth in the aquatics field. It can help to highlight aquatics as a career, it can help to grow interest and drive recruitment for future lifeguards, and it can help to develop, maintain, and build confidence in Lifeguard skill levels.

From a branch level, we are working on ways to support Junior Lifeguards, Lifesaving Sport, and Lifeguard Competition. Our work plan will support this by:

- Creating resources for running Junior Lifeguard Clubs and Telegames
- Providing support for affiliates to incorporate competition into staff training
- Providing support for planning and running Lifesaving Sport and Lifeguard Competitions

While a lot of our work focuses on supporting Affiliates, our biggest goal for 2023 is to bring back competitions. We are happy to announce that the City of Richmond will be hosting the 2023 Barnsley Lifeguard Championships in August.

Lifesaving Sport & Competition Committee Report

The work done by the Sport and Competition Committee could not be done without the help of dedicated volunteers who want to see Sport and Competition grow. I would like to thank all of the following for their contributions over the past year and for their continued support going into 2023.

- Anita Chevalier
- Candice TownSchon
- Celina Heppner
- Claire Nicol
- Craig Amundsen
- Craig Short
- Deniz Erturk
- Gail Findlay-Shirras
- Julie Kaufman
- Kathryn Dawson

The Swim For Life Advisory Group is a committed group of members that actively participates to support program development within the Swim For Life stream of the Lifesaving Society. We have met monthly since Fall 2022 and have accomplished many goals in a short period of time:

- The creation of an In-service Training Guide. This guide helped affiliates with supporting their staff once launching the Swim For Life program.
- Trainer Talks - we hosted our first virtual trainer talk in December. Trainers came together to review scheduling and planning for the Swim for Life Instructor Course.
- We had 45 Trainers attend and feedback was positive. We will continue to host in the coming year.
- We created support material for the recommended addition of teaching experience to the Swim For Life Instructor Course.
- Development of tools for instructors is underway. Core plans for different numbers of lesson sets have been created.
- Adapted Swimmer program revisions have been started.

This group is dedicated to developing support materials for all levels of the program including Trainers, Instructors, Affiliates, and Candidates.

DB Perks Scholarships

Doug Perks, DB Perks & Associates Ltd

After enjoying his days as a lifeguard in Burnaby and a national level competitive swimmer at SFU, Doug Perks continues to give back to the aquatics field through scholarships to support aquatic staff in pursuing post-secondary education. The three awards of \$1,000 in 2022 mark the 29th year of the scholarship through which Doug has contributed \$58,000 to 98 recipients.

His generosity is evident not only through the Lifesaving Society scholarships, but also through many other initiatives Doug supports with several other organizations. He often expresses his appreciation for what the aquatics field has given him as his motivation to give back to others.

Joan MacKinnon Memorial Scholarship

Aaron Moldenhauer & Joan MacKinnon,
Joan MacKinnon Memorial Scholarship

This year, Aaron Moldenhauer was very happy and proud to announce the Joan MacKinnon Memorial Scholarship in memory of his mother. Joan filled many roles in aquatics as a mentor, instructor, coach, and a friend to many. She was always kind, compassionate, and giving of herself. The new scholarship will support someone looking to start their training and enter the aquatics field.

Remembering his mother, Aaron reminisced, "When I think about my mother, I can't help but think about the water too. She raised me around the water; taught me to swim, taught me lifesaving and first aid, and showed me how to be a good lifeguard and later on a leader too. I hope this passion is something we can continue on for her and I hope to be able to provide an opportunity for others to enter the field that she so enjoyed."

2023 Joan MacKinnon Memorial Scholarship Recipient

We congratulate **Alli Daniele** from Prince Rupert as the inaugural recipient of the \$1000 Joan MacKinnon Memorial Scholarship.

110th Annual Commonwealth Awards

The Honour and Rescue Awards celebrate the human spirit of giving. The Honour awards praise the dedicated efforts of the Lifesaving Society's volunteers. The Rescue Awards continue the celebration by rewarding people for unselfishness in putting their lives on the line during a water rescue. The selections are made from rescues reported in the news, from individual recommendations and from police reports. Awards were presented virtually at the 110th Honour and Rescue Awards Ceremony on May 28, 2022.

Denise Yoreff received the President's Plaque for stepping into the role of Chair of Aquatic Safety Management Advisory Group and has performed many safety audits as a volunteer. She is also one of our National Trainers on Vancouver Island.

Leah Bertrand received a Certificate of Thanks for her many volunteer hours towards the provision of pool and waterfront safety audits.

THE LIFESAVING SOCIETY IS

The national, non-profit, voluntary organization that has been training swimmers to be Lifesavers, Lifeguards, and Instructors in Canada since 1908 and in BC since 1911.

Dedicated to the prevention of incidents and the saving of life in aquatic environments across Canada. A member of the Royal Life Saving Society Commonwealth organization and the Canadian representative in the International Life Saving Federation.

LIFESAVING SOCIETY AIMS

- Promote public awareness and understanding of the responsibility every Canadian assumes when working or playing in an aquatic environment.
- Provide educational opportunities for preparing swimmers to be lifesavers and for training highly skilled lifeguards.
- Pursue research to enhance and support the continuing development of its programs and to maintain technical excellence.
- Provide consultation services for education, recreation and health agencies in communities throughout the country.
